
HERE'S the POINT!
 By SPENCE HELD

With its air horn blasting, that big beautiful fire truck from Station 15 roared past the Peninsula News office and across the intersection of Bacon St. and Newport Ave. Monday afternoon.

This is a busy corner and I held my breath, unnecessarily because the air horn sounds like the crack of doom and motorists and pedestrians just naturally get out of the way.

Well, some trash was burning in the back of a truck parked in the 1800 block of Bacon St. Lieut. Harvey Harmelink of Engine Company 15 thought that maybe somebody had tossed a cigarette into the truck.

This is the season for such shenanigans. It was just a year ago that a guy dropped a lighted match in a local service station and ignited gas fumes . . . His car made quite a blaze.

"How I Became a Reactionary" is the title of an article by Thomas Braden in the current issue of the Saturday Evening Post.

Braden used to be on the Federal payroll in Washington, D.C.—a bureaucrat, no less. Now he's the publisher of the Ocean-side Blade-Tribune and has learned the facts of life.

Yeah, it's worth reading.

Bob Bridgford, the former S. D. meat-packing tycoon who now lives in Fullerton, where his main plant is located, thinks that Earl Warren would make a good President.

He has some excellent arguments why the GOP should nominate Warren in 1960 rather than Nixon or Knowland . . . Millions of Demos like him, for instance.

I was pleased to note that The Mast, student newspaper at Dana Junior High, has a staff classification called "Name Verifiers."

This is a step in the right direction. If these students ever become contributors to daily and weekly newspapers—publicity chairman, I mean—they probably will take the trouble to verify the spelling of the names they turn in.

Some publicity chairmen do this . . . And some don't.

So now it's 1958 . . . What happened in S. D. in 1937? Aw, that's too easy—I'll tell you about 1937. That's 20 years ago, Joe.

Twenty years sounds like a lifetime to a teenager, as I remember. Actually, the years breeze by so fast that 1937 seems like the day before yesterday.

Yeah . . . Three Russians flew here nonstop from Moscow . . . Six Navy men were killed in the crash of a flying boat in the bay . . . 1300 Marines sailed for war-torn Shanghai . . . The Padres won a playoff pennant . . . State College won a football championship . . . Caliente had a 64-day horse race season . . . Two street cars crashed head-on in a fog on a stretch of single-track line near W. Point Loma Blvd . . . And snow fell in San Diego!

United Fund Drive Will Be Resumed

Renewed efforts beginning Jan. 15 to reach the United Fund's goal of \$3,353,678 were announced today.

"We are going out after the last 25 per cent of funds to meet the basic needs of our nearly 100 health and welfare services throughout San Diego County," said Rabbi Morton J. Cohn, campaign chairman.

More than \$2,500,000 has been raised in the drive so far, Cohn said.

"We have every indication that the United Fund idea of One Big Drive for One Big Gift is what San Diegans want," he continued.

"But we know of at least 1,000 firms not yet contacted by our campaigners. The renewed drive will concentrate on these and on geographical areas not completely covered," he said.

The new United Fund is an organization of givers. It affords every San Diegan a chance to combine his annual giving into one single pledge for all health and welfare needs.

But he can also determine through his own designation just where his United Fund donation should go, Cohn explained.

Five Spanish seamen who are being detained at the Border Patrol Detention Facility, were given a party Christmas Eve through the combined efforts of Ocean Beach merchants and Mr. and Mrs. Howard Hale, of 5080 Long Branch Ave.

"It was by far the most blessed Christmas we have ever known," said the Hales. "Seeing the happy smiles and hearing the laughter of the men who might easily have been forgotten, was well worth all the efforts in preparing this party."

Other sponsors included Rancho Market Basket, Homer's Variety Store, Nat's Gift Shop, Day and Night Market and officers of the Facility.

Caliente Plans Popular Features To Match Successful '57 Season

AGUA CALIENTE—Caliente embarks on the opening semester of its 1958 season this week with an ambitious schedule already in the planning stage to match or surpass the successful year just completed.

As the track heads into the 11th year under its present regime, it can look back on a meeting during which all existing records were erased, both in the 1100 and 1200 yard sprints.

Also period of constant construction and expansion designed to improve facilities, and this program still is in progress.

During 1958 Caliente again will offer a succession of features, including such popular fixtures as the George Woolf Memorial, the Kentucky Derby Party, Fiesta Del Pacifico Day and the International Gold Cup. The sensational "5-10" handicapping contest again will be presented every Saturday and Sunday.

Action gets underway next Saturday with an 11-race card starting at noon, and the main event, the Yuba Purse, will send four-year-olds and up six furlongs in quest of a \$2,000 payoff. Available for this one are Gold Profit, Startle, Southern Wave, Mr. Governor, Royal Festival, Blenmar, Castle Blayney, Little Santa, Rumi, Wall Street and Distant Song.

In another three-quarter-mile sprint, the Sahara, sophomores set their first step of the year, and among the probable entries will be Mrs. Betty Robinson's Silver Crescent, a winner in its last outing, plus such others as Dry Moon, Mileamar, Hi Idol, Ken's Boy, Irish Parade, Marnog Dhu, Soria Moria, Crown Agent, Mr. Topham, Suzy V, Tauter Bar, Phil J. and Hula-driff.

The Evangeline Combination tops Sunday's program, and it figures to bring out some of the track's best sprinters, including Talky Boy, which turned six furlongs in 1:10 3/5 while winning here last weekend.

January Pruning Advice Offered

Pruning fruit trees is one garden job that frightens most beginning gardeners and confuses many with more experience. Afraid to prune and afraid not to prune, many home gardeners listen to all the advice they get from fellow gardeners and often end up with poor fruit or homely trees.

The California Association of Nurserymen says two simple rules help soothe home gardeners' January pruning blues:

1. Prune with a definite purpose following expert advice from your nurseryman.
2. Use the correct tool which has been kept in excellent condition.

Early pruning of all fruit trees is somewhat similar. Until trees begin to bear, the gardeners' main purpose is to establish a suitable growing pattern. Most fruit trees (almond, apple, apricot, cherry, olive, pear, persimmon and European plum) do best with the modified leader plan. Under this pruning method there is one main central stem and two branching main scaffolds.

The leader plan, which has one main stem and several secondaries forming a general pyramid shape, is often used for pecan and walnut trees. This is the most usual pruning method for non-fruiting ornamental as well.

An open center plan is often used with great success on almond, fig, nectarine, peach, Japanese plum and quince. Several branches of equal importance shape out from a common trunk in this plan.

Branch Bank To Open In Ocean Beach Mon.

Grand opening of the new Ocean Beach Branch, First National Trust and Savings Bank of San Diego, at 1919 Cable St., will be held Monday, Jan. 6 from 10 a.m. to 7 p.m.

Local residents are cordially invited to an Open House at the office, located in a new building on Cable just north of Newport Ave.

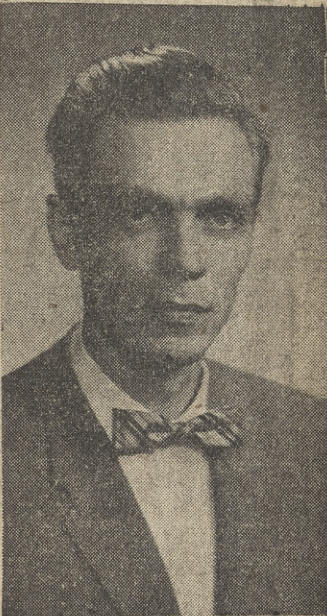

There will be refreshments, door prizes and souvenirs. A drawing is scheduled for 6:45 p.m., "but you do not have to be present to win," it was announced.

Anderson Borthwick, president of the First National Trust and Savings Bank, Monday announced the appointment of Richard J. Waidzun as assistant manager of the Ocean Beach branch. This followed the earlier appointment of Lamar H. Hunt as manager.

Waidzun joined First National in 1955 with an extensive background in consumer credit and after a period of training in notes and loans, was made operations officer at the North Park Drive-In branch. In early December he was promoted to assistant manager in charge of the same branch.

Waidzun, a graduate of College of Pacific, also studied at De Pauw University and is now working for a master's degree at Cal Western.

He resides with his wife and three children at 929 Moana Dr.

Cal Western University To Build New Dormitories On Local Campus

Dr. William C. Rust, president of California Western University, announced that construction of two new dormitories, will begin the middle of February on the University's Point Loma campus. Completion date is August, he said.

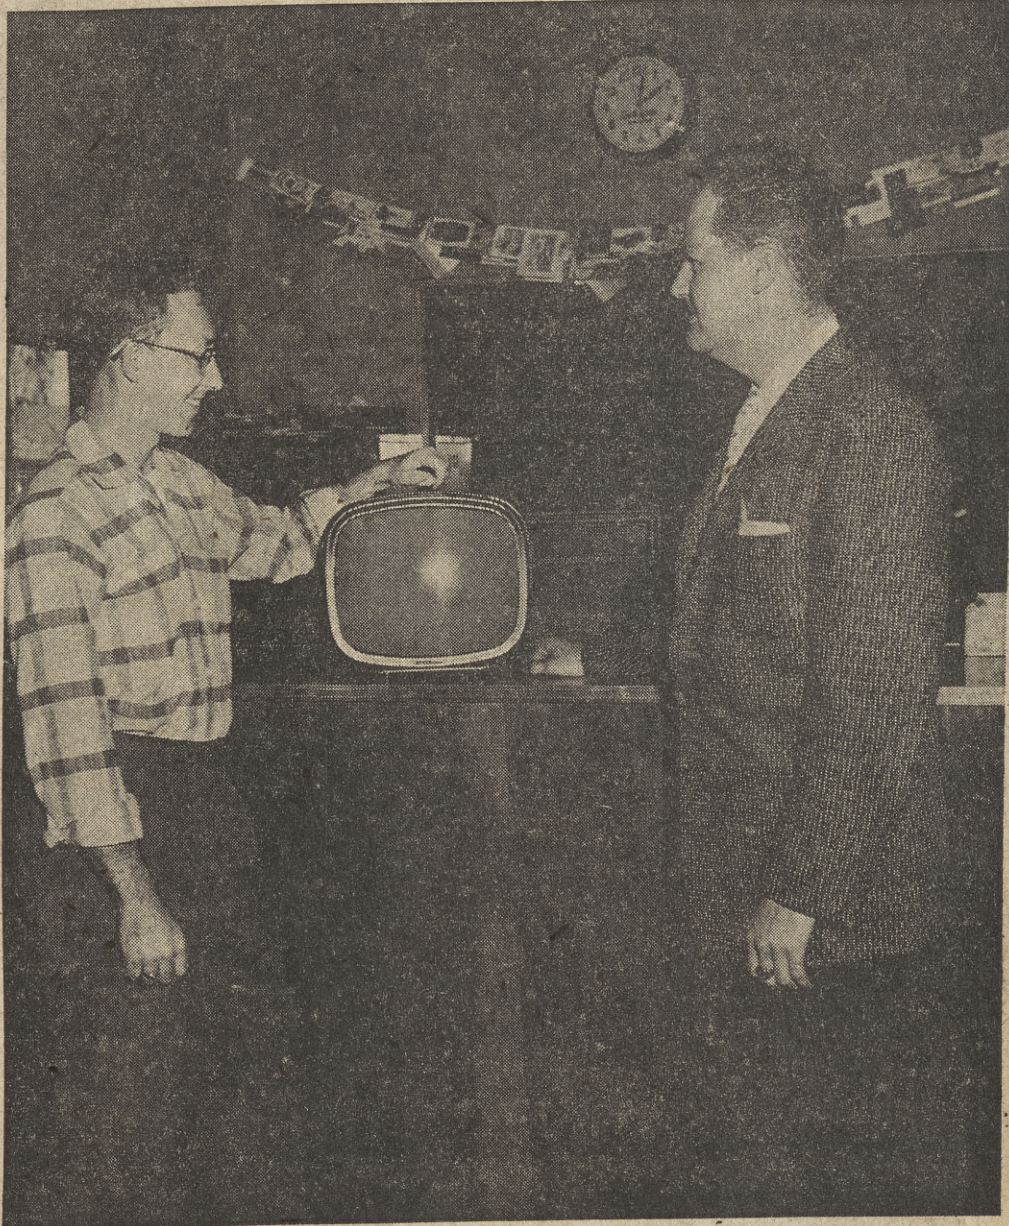

On Dec. 19, the Community Facilities Administration, a subsidiary of the Federal Housing & Home Finance agency, granted a \$270,000 loan to Cal Western to finance the dorms. Rust stated that this figure represents two-thirds of the total cost of the project, the balance being supplied by the University itself.

The new quarters are to be added on to existing dorms which now house 64 students—a boys' dorm of 32 and a girls' dorm of the same number.

These are carefully planned and are the result of a long process of planning and construction. Rust said, "We can house large numbers of students and still retain for them the atmosphere of a home."

A two-story design with an interior patio will be followed. Cement block construction will be utilized. Furnishings will be in modern styling.

The California Western dormitories follow the unit arrangement, Rust said. "In the midst of dormitory living, the person-to-person relationship is retained within the smaller immediate group of eight," he added.

WINNER—Hugh Wiggins, left, of 1868 Ebers St., is shown receiving the 1958 RCA Victor 14" portable television set he won in a recent contest at Noel Furniture Co. Making the presentation is Gene Hoover, manager. The contest was based on counting the number of sofa pillows scattered throughout the store.—Rex & Ann Langdon photo.

First Federal Savings and Loan Association Pays Record Earnings

All-time record earnings were paid by First Federal Savings and Loan Association of San Diego for the calendar year of 1957, including earnings paid or credited to accounts on Dec. 31, 1957. A total of \$1,106,366.60 was paid on savings and investment accounts.

"First Federal has enjoyed a continued and healthy growth," president Harold B. Starkey stated. "For the first time the Association has passed the \$40,000,000 total in assets, and although this Association has never placed growth as its primary goal, it is gratifying to note that since the end of World War II, the Association's assets are up more than 400% and savings approximately 500%."

1958 will be one of the most important years in First Federal's history, for the reason that its main office at 4th and B will be replaced by a new building—double the size of the

present one and with completely modern facilities in every respect.

The present building is the oldest savings and loan headquarters in San Diego County, having been built in 1924 and remodeled in 1929.

First Federal is unique in financial circles in that the Association has never had any other downtown location. Although Fourth and B was somewhat of a pioneer location a third of a century ago, the growth of the city, combined with recent construction and the proposed building program for two title companies and a bank in the immediate area, places First Federal's main office at the gateway of the new downtown financial center.

First Federal's Branch Offices are located at 42nd and El Cajon Blvd., and 5th and University Aves.

Christmas Seals

Final phase of the 1957 Christmas Seal Sale began this week, according to Dr. Albert L. Anderson, president of the San Diego County Tuberculosis and Health Association.

Thousands of San Diego County citizens, who have not answered their Christmas Seal letter, will be mailed a final "reminder" to give them another opportunity to support the work of the Tuberculosis Association.

"At the present time," stated

Dr. Anderson, "returns from our Christmas Seal Sale stands at \$107,000. The final reminders should boost this year's contributions to the \$147,000 level we reached last year."

The Christmas Seal Sale represents the sole financial support of the San Diego County Tuberculosis Association. The Association conducts a year-round program of research, casefinding, rehabilitation and health education to combat tuberculosis in San Diego County.

Veterans' Service Dep't. Offers Help With Income Questionnaires

The new year's mail brings to thousands of veterans, their widows and dependent children, an annual income questionnaire from the Veterans' Administration.

Assistance in filling out this form is offered by T. G. Goetz, director, County Veterans' Service Department, 204 Civic Center, who points out that pensions are likely to be discontinued to those who don't answer to the VA's satisfaction.

Pensions, as distinguished from compensation, are payable to veterans who are totally and permanently disabled—under the VA's definition—due to injuries or ailments not traceable to military service. Certain widows and children of deceased ex-servicemen are also eligible for small pensions if the veteran on whom they were dependent died of non-service causes.

To be eligible, a single person may have a non-pension income

no larger than \$1,400 per year; the income of those with dependents may not exceed \$2,700 per year.

Goetz pointed out that the VA's rules as to what is or is not income are not always easy to understand. These rules cover such things as retirement pay, Social Security, life insurance, proceeds from rent or sale of property, returns from past or present business and professional pursuits, etc.

Pensioners must remember that if their incomes give signs of exceeding the legal limits any time during the coming year, they must notify the VA right away—and not wait until their income has actually reached the legal limit.

"Veterans and dependents in San Diego County, said Goetz, are entitled to the assistance of this office when filling out the questionnaires, and at any time in the year when income problems arise."

Two Children Were Left Alone in This House!

You can't trust Lady Luck as a baby sitter! For years the National Fire Protection Association has urged the American people to beware the tragic practice of leaving children alone, and yet, every day thousands of children are still left alone by their parents for "only a few minutes" or for many hours.

Unattended children, the youngest ones especially, would be helpless if fire should strike while you're away! Whether left alone for many hours or for only a few minutes, children can start a fire in so many innocent ways.

Make sure your children are never left unattended.

Equally important, teach them to be conscious of the hazards of fire.

Fire danger is something your whole family should recognize and work as a team to prevent.

Some important rules are: Don't smoke in bed—Keep matches away from young children—Don't overload your wiring system—Check electric cords for fraying—Clean out junk from your attic and basement—Be careful with lighted cigarettes—Learn to use your oil stove correctly—Don't use flammable cleaning fluids—Don't use ordinary extension cords on heaters or irons! Most of all, don't forget what Sparky, the fire dog says:

DON'T GIVE FIRE A PLACE TO START!

Junior College Sets Registration

Registration will open Monday, Jan. 6, for all new students planning to attend San Diego Junior College during the spring semester beginning Jan. 20, Mrs. Margaret D. Olson, dean of student personnel, announced.

Although the Junior College conducts classes at several locations, all new students will register in the administration building at 1425 Russ Blvd., according to Mrs. Olson. Day students may register from 8 a.m. to 2:30 p.m. and evening students from 5:30 to 8:30 p.m., Monday through Friday.

Registration activities will continue until Jan. 23, but Mrs. Olson advised new students not to delay the process if they want to insure a good selection of classes.

Mrs. Olson said the Junior College offers instruction and training in three major areas. They are, with typical courses listed:

General Education, including such courses as science, mathematics and English.

Business Education, offering training in such fields as shorthand, typing, accounting and business machines.

Technical Education, represented by such courses as engineering or architectural drafting, electronics and machine shop.

Students currently attending the Junior College already have been advised of their registration procedures for the spring semester.

March Of Dimes Campaign Starts

Beth Bennett, March of Dimes county campaign chairman, announced the polio campaign will begin Jan. 2 as reaffirmed by the executive committee of the local chapter, National Foundation for Infantile Paralysis. Decision was made at a meeting held at the Foundation office, 3809 Fourth Ave.

A fund, deemed insufficient by the executive committee, based on polio patient care of local existing cases, was offered to the March of Dimes by United Fund officials. The amount was \$136,000.

Current patient care costs will approximate \$196,000 this year, Mrs. Bennett said. She added there are 519 victims in San Diego who received financial assistance in 1957.

Mrs. Bennett said the National Foundation's charter prohibits local chapters from participating in a federated drive, because of the basic principals of voluntary giving by individuals.

Benefits provided by the National Foundation are many, Mrs. Bennett pointed out. They include regional respiration centers where many San Diego County patients are treated, emergency funds in the event of an epidemic or when the local chapter depletes its funds for patient care.

The National Foundation also provides iron lungs, wheelchairs, physical therapy, hospitalization and other facilities for patients in need. An individual stricken with polio can incur expenses in excess of \$35,000 per year.

The executive committee appreciates all outside assistance which is being given to polio care in San Diego County by other agencies, Mrs. Bennett emphasized. Realizing that minimum care cannot be reduced, the executive committee feels it is imperative the March of Dimes campaign be conducted in 1958.

Aliens Required To Report Address

George W. Scallorn, officer in charge of the Immigration and Naturalization Service, estimated that about 27,000 aliens will report their addresses in the S. D. area during January under the Federal Alien Address Report Program.

The Immigration official said that more than 26,000 aliens reported their addresses during January 1957.

Scallorn said that all non-citizens, except those in diplomatic status, foreign representatives of certain international organizations and those admitted temporarily as agricultural laborers, are required to file the address report.

He added that any alien who willfully violates the address report requirement may be fined up to \$200, imprisoned for 30 days, and deported.

In addition, aliens who are not in the U. S. during January must report their address to the Service within 10 days after their return.

Scallorn said that address report cards are available at the Immigration Service office at 325 West F. St., and at post offices.

Superintendent of Schools Ralph Dillard has received a four-year extension of his contract, effective July 1, 1958.

Dates of the 1958 Southern California Exposition and County Fair at Del Mar are June 27 through July 6.

Eight San Diego area dairies share in the contract to supply the city schools with milk, ice cream and milk by-products.

Custodians in the city schools will use 150,000 pounds of sweeping compounds to keep school floors clean this year.

Nine thousand pounds of dishwashing compound will be used in city schools cafeteria dishwashing machines this year.

Try Nut Plum Pudding on Holiday Guests

BY DOROTHY MADDOX

HERE'S a traditional Christmas plum pudding with a slightly new twist. Brazil nuts, rich and of fine texture, are added.

Brazil Nut Plum Pudding (12 servings)

One-half cup orange juice, 1 1/4 cup seedless raisins, 1/2 cup diced citron, 1 apple, peeled and chopped; 1 tablespoon grated orange rind, 2 eggs, slightly beaten; 1/2 cup unsulphured molasses, 1 cup chopped Brazil nuts, 1/2 cup (2 ounces) ground suet, 3/4 cup dry bread crumbs, 1/2 cup sifted all-purpose flour, 1 teaspoon baking powder, 1/2 teaspoon soda, 1/4 cup sugar, 1/2 teaspoon each of salt and cinnamon, 1/4 teaspoon each of allspice and ground cloves.

Pour orange juice over raisins, citron, apple and orange rind. Let stand 1 hour. Combine eggs and molasses; stir in Brazil nuts, suet and bread crumbs. Sift in remaining ingredients. Blend well. Add fruit mixture; mix well.

Turn into a greased 2-quart pudding mold with tight-fitting cover, or cover with aluminum foil and tie securely. Place on rack in deep kettle; pour boiling water to half the depth of the mold. Cover; steam 5 hours, adding more boiling water during steaming if necessary. Serve warm with softened ice cream or pudding sauce.

If you desire, steam pudding in 4 individual (1 1/2-cup) molds.

Fine-textured Brazil nuts add a pleasant twist to the traditional holiday fare of plum pudding.

Use 1 cup plus 3 tablespoons mixture for each mold. Steam 2 1/2 hours.

Brazil nuts combine deliciously with vegetables, too. Here is one example, good for your Christmas dinner.

Glazed Onions With Brazil Nuts (6 servings)
Twenty-four onions (1 1/2 lbs.),

3 tablespoons butter or margarine, 1/2 cup sliced Brazil nuts, 1 tablespoon sugar, 1/4 teaspoon salt, 1/4 teaspoon pepper.

Peel onions, place in baking dish with butter, Brazil nuts, sugar, salt and pepper. Cover and bake in moderate oven (350 degrees F.) 1 hour or until onions are tender. Stir once after the first 15 minutes of baking.

Chili Dishes Prove Boon to Winter Appetites

BY DOROTHY MADDOX

DURING winter fun when the teen-agers come in from skating or dancing, "big eats" are what they want. And in a hurry. Chili Mac, or a steaming kettle of chili con carne fills the bill—and with little effort and in practically no time.

Chili Mac (4 servings)
One can (1 pound) chili con carne, without beans, 1 can (1 pound) tomatoes, 2 cups (8 ounces) elbow macaroni.
Combine chili and tomatoes in saucepan. Simmer 30 minutes. While sauce is heating, prepare macaroni according to package directions. Turn macaroni into serving platter. Cover with hot chili.

Quick Party Chili (8 servings)
Four cans (1 pound each) chili con carne with beans, 1 can (1 pound) tomatoes.
Turn chili into deep saucepan; add tomatoes. Cook until mixture is heated through, about 10 minutes. Serve piping hot with cornbread squares.

Here's a meal-in-a-soup-plate stew, perfect for the ravenous crowd of youngsters, and easy on mother's time and nerves.

Quick Soup Stew (6 servings)
Two cans (1 pound each) beef stew, 1 can (1 pound) tomatoes,

Serve this delicious and easy-to-make Chili Mac when hungry youngsters return from their winter fun.

1 can (12 ounces) whole kernel corn.
Turn beef stew into deep saucepan or skillet. Add tomatoes and corn. Bring to boil; cover and simmer 10 to 12 minutes. Serve in large soup bowls with large slices of bread.

Boat Show Set February 5-9

The 1958 models of pleasure craft of all kinds will be displayed at San Diego's second annual boat show to be held Feb. 5 through 9 in the Electric Building in Balboa Park.

Show committeemen say plans are complete for the big event which will introduce to San Diegans the newest models in boats, engines, trailers and other equipment used in the boating industry.

John Harrison, president, San Diego chapter, Southern California Marine Association, said emphasis at the show will be on late model boats and developments in the marine industry which are tending to make boating one of the most popular of outdoor activities.

The Southern California Marine Association, a non-profit corporation, is sponsoring and producing the San Diego Show.

This means, according to Harrison, that the public will be assured of seeing a complete show, featuring boats from many manufacturing lines. Outboard motors, trailers for transporting boats, marine hardware of all kinds, and boating accessories will be displayed.

With interest in pleasure boating already at an all-time high, the 1958 show is expected to kindle greater enthusiasm for boats and boating in the San Diego area.

HEALTH FOR ALL

To fly or not to fly? Last year more than 25 million passengers traveled on domestic air lines. What about you? Do you hesitate to get your feet off the ground?

If you're worried that flying might affect your health, consult your family doctor. He'll tell you if there's any physical reason why you or any member of your family should avoid it. He can suggest ways to help you make the trip in comfort.

Of course, the airlines would rather not have you aboard if

ciency, anemia, or respiratory difficulties.

Young children are only fair air travelers. They seem to have more air-sickness and ear trouble than adults. Infants under six weeks will usually not be transported without a doctor's certificate.

Air sickness among adults is no longer a major problem. But if it worries you, your doctor can suggest several effective remedies which will also prevent it if taken before flight.
